

# Industrial Heritage 2014

*8th European contact weekend for industrial heritage volunteers and associations*

Lyon & Vaulx-en-Velin (FR)

24-26.10.2014

## Invitation and call-for-papers

E-FAITH, the *European Federation of Associations of Industrial and Technical Heritage* is the European platform promoting contacts and co-operation between non profit volunteer associations who care for the industrial heritage. It is the place where those can meet, exchange experiences, learn from each other and support each other's activities and campaigns.

**After previous succesfull meetings in Beringen, Kortrijk, Barcelona, Calais, Tilburg, London and Neuchâtel (each attended by representatives from a dozen countries) E-FAITH is now going to organize in Lyon (FR) its 8th European contact weekend for volunteers and non profit organisations that are engaged in the research, the preservation, the interpretation and/or the presentation of the industrial and technical heritage.**

Exchanging ideas is the very essence of these Industrial Heritage Weekends . The Weekend at the end of October is being held in **Lyon and Vaulx-en-Velin** and will provide enterprising volunteers and their associations with an excellent opportunity to promote their ideas and projects, whether work in progress or finished, to like-minded volunteers from all over Europe.

The main themes of this year's meeting are

**\* *The industrial heritage: a holistic heritage in a global world***

\* Preparing 2015, the European Industrial and Technical Heritage Year.

Registration and call for papers is now open
