

„Water and Paper: Conservation Principles“

Seminar, Ljubljana, September 2018

Hildegard Homburger
Doris Müller-Hess

Preliminary program

First Day

Morning Session: lectures and short demonstrations

9:00-9:30	Welcome and Introduction of the EU project „Water+Paper“	(HH,DH)
9:30-10:15	Properties of water	(DH)
10:15-10:30	coffee break	
10:30-11:15	Structure/properties of Cellulose(dry paper)	(DH)
11:15-12:00	The paper manufacturing process – influence on the absorption/desorption behavior of paper a) Fibre material/ Pulping and beating/sizing-	(HH)
12:30-13:30	Lunch break	

Afternoon session: lectures and demonstrations

13:30-14:15	Properties of humidified/wet paper	(DH)
14:15-15:00	Overview: humidification and wetting methods in conservation	(DH)
15:00-15:30	Coffee break	
15:30-17:00	Humidification and Wetting – methods/discussion	(DH)

Second day

Morning session: lectures and short demonstrations

9:00-10:00	Water quality	(DH)
10:00-10:30	Coffee break	
10:30-11:30	The paper manufacturing process – influence on the absorption/desorption behavior of paper b) drying	(HH)
11:30-12:30	Paper drying- principles and methods in conservation	(HH)
12:30-14:00	Lunch break	
14:00-15:30	<u>Afternoon session: Demonstrations</u> Drying methods	(HH)
15:30-16:00	Coffee break	
16:00-16:30	Discussion/farewell	(HH,DH)
