Subject: Conference 2024: Austria-Indonesia: Cultural Heritage Conservation

To: Christian Hanus <christian.hanus@donau-uni.ac.at>

Dear Board Members and Representatives of ERC,

I do hope this e-mail finds you well.

We have good news: the registration for this years conference is open.

Please find the program with CVs of speakers and abstracts linked with titles at

<https://www.erc-bpcr.org/OurEvents/>

I would like to thank in particular Emanuel for his kind help with the webpage and Penny for her kind help in setting up the form.

Please do register and please do register on time – we must!!! close registration on 31. August because of zoom licence and food to be ordered for those who will come to Krems.

We will launch another site to register on the University webpage, where you then find the logos etc. But this is more labor intense and takes time. So I find it absolutely legitimate to disseminate this version to as many colleagues, students etc, anyone who is interested. **Please only register once!**

And please register as soon as possible.

The conference is **WITHOUT a fee.** and **hybrid.**

All my best thanks and warm greetings

Patricia
